Design Research Exhibition 1976

The exhibition explains both the practical and philosophical aspects of the Design Research program at the Vancouver School of Art. The course is a four year industrial design program with a specifically Canadian curriculum. The exhibition is running concurrently with Habitat to add our small input into the problem of making our technology serve the best interests of ALL of society.

June 3rd-12th   Mon-Fri 12-9 p.m.   Sat & Sun 12-5 p.m.   Helen Pitt Gallery 163 West Pender Street,   681-6740
